King Alfonso and His Bride Attend Performance at Prado Theater.

Gorgeous Decorations and Brilliant Pageants Mark the Festivities.

(BY THE ASSOCIATED PRESS.—P.M.)
MADRID, May 29.—The prepara-
tions for the marriage of King
Alfonso and Princess Victoria
(as Princess Ena of Battenberg is
designated by the Spanish people) are
fast approaching culmination with
the arrival of foreign princes and

envoys, the influx of vast throngs and
the final adornment of streets and
buildings.
A greater spectacle of royal splen-
dor than the scene today when the
visiting princes arrived has seldom
been seen. The train of the Prince
of Wales and the Archduke Francis
Ferdinand of Austria arrived at 2:20
this afternoon followed by the trains
of Prince Albert of Prussia, the
Grand Duke Vladimir of Russia,
Crown Prince Constantine of Greece,
Prince Albert Leopold of Belgium,
Prince Eugene of Sweden and many
others.
Before the station stood the palace
guard with their white uniforms and
shimmering helmets and a brigade of
lancers with steel breastplates. Awaiting
the princes were the royal family,
the infants, the captains general of
Madrid, the Ministers and the Amba-
sadors. The ladies were bright in
summer silks, while the officials and
ministers were resplendent with gold
lace and decorations.
BRILLIANT UNIFORMS.
Trumpet blasts greeted the Prince
of Wales and Archduke Francis Ferdi-
nand. The former wore the uniform
of a British general. The Princess of
Wales was exquisitely attired in a
figured silk gown and the archduke
wore a white uniform of a general of
hussars, with a silver helmet sur-
mounted by a bright green plume.
There was another shimmer of uni-
forms and dresses as the royal repre-
sentatives of Germany, Russia and
Greece arrived with their retinues.
Later there was a brilliant pageant as
all the princes and princesses with
their retinues proceeded to Pardo pa-
lace where King Alfonso and Princess
Victoria received throughout the re-
mainder of the day. The palace was
the center of the festivities tonight.

A WEDDING TABLEAU.

King Alfonso and his guests wit-
nessed a performance tonight at the
Pardo Theater, a unique feature of
the wedding, a tableau of an old Span-
ish marriage, suggestive of the nup-
tials which are to take place on
Thursday.

Minister to Spain, was among the

eridge and the other envoys were not
present, as the guests were confined to
Princes and resident diplomats.
The streets show a spectacle of
light and activity. Trains are bring-
ing in thousands of foreigners and
provincial Spaniards. The streets
along the route of the wedding cortege
are ablaze with color from end to end,
with floral arches, sunbursts of British
and Spanish flags and garlands of
roses looped on the balconies. Many
buildings are surrounded with gigantic
crowns which at night sparkle with
electric lights.
The weather today was hot and the
clouds tonight threaten to dampen the
splendor of the festivities.

LEGISLATURE WILL MEET SATURDAY.

Gov. Pardee Holds Conference With Number of Members Special Session Not to Last Long—Nothing Decided About Ending Holidays.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, May 29.—The Bee announces tonight that the Legislature will meet Saturday noon in Elks Hall, the Capitol being in a state of disorder owing to repairs. The last holiday will be Saturday.

OAKLAND, May 29.—Unless something unforeseen shall intervene, Gov. Pardee will call a special session of the State Legislature to convene Saturday, June 2, at Sacramento. Simultaneously, the calling of legal holidays will cease Saturday.

The official proclamation is being shaped and will be issued in time this week for the assembling of the Legislature on the date selected, provided nothing shall occur to compel a postponement of the call. It is understood that the call will follow almost identically along the lines of the San Francisco committee's report on legislation, which was made public through the press today.

MOST IMPORTANT BILL. Most important on the list of bills which must receive early consideration at the extra session is one providing the extension of the statute of limitations six months. General opinion among legislators who have been in conference in Oakland of late is that this measure will be taken up as soon as the Legislature is organized Saturday, and rushed through.

With the cessation of legal holidays, a new measure will be introduced by Monday, or, if necessary, it can sit Sunday and pass this important measure so that on the first business day Monday, June 1, the Legislature will be in session.

One of the chief purposes in calling legal holidays was to prevent the Legislature from being disturbed by the fire, the extension will be in force. The Governor has reached the decision, it is understood, that the Legislature will meet on the first business day after the fire, the extension will be in force.

SIX MONTHS GAINED. Six months' time will be gained to straighten out affairs, and there can be a return to all normal business conditions so far as the legal aspect is concerned. The Sunday following the call of the Legislature is a legal holiday, hence the Legislature will be in session on the first business day after the Governor can call after Saturday.

With Monday the first business day and the extension of the legal holiday, the Legislature will be in session on the first business day after the Governor can call after Saturday. The Legislature will be in session on the first business day after the Governor can call after Saturday.

BUDGET SUBMITTED. (BY THE ASSOCIATED PRESS—P.M.) The budget submitted to the Board of Supervisors this afternoon assumed a reduction of \$200,000,000 in the assessable valuation of property in the fiscal year 1906 and 1907, the revenue was \$225,000,000, a loss in revenue of \$25,000,000. It is expected, however, that the assessment on businesses that now operate without license, and by increasing the amount of license imposed on these businesses, that the revenue will be increased to \$250,000,000. This will leave the city with a net loss in revenue of \$25,000,000.

SPRING VALLEY INEFFICIENT. The conclusion has been reached by the Subcommittee on Water Supply and Fire Protection, which reported yesterday to the Reconstruction Committee of Forty, that the system of the Spring Valley Water Company was not only inadequate to meet the extraordinary demands upon it during the conflagration, but was inadequate for less severe requirements. It is the further opinion of this committee that the system is in a much less efficient state now than before the fire, and it asserts that San Francisco can be deemed safe from another conflagration only after it has established its own water system, or not until some means can be devised for protection from fire.

ALL-DAY CONFERENCE. The Finance and Judiciary Committees of the State Senate is in conference with Gov. Pardee and necessary preliminary work will be completed in time for the Governor to convene the Legislature in extra session June 2. The conference has been going on all day.

Gov. Pardee has indicated that other matters than those outlined in the report of the Committee of Forty will be included in the call, which probably will be within a few days.

CUTTING BONI'S GOLDEN TIE. (BY THE ASSOCIATED PRESS—P.M.) PARIS, May 29.—Every detail of the legal formalities of the Castellane case was completed today with the notification of the service of the divorce writ on Count Boni. It only remains to appoint the day for the hearing, which probably will be within a few days.

In the meantime, the Countess has removed to Paris from London.

will be issued some time between today and Friday.

RESTORES ITS CAPITAL. (BY THE ASSOCIATED PRESS—P.M.) HARTFORD (Ct.) May 29.—Stockholders of the Connecticut Fire Insurance Company, at a meeting today, ratified the action taken by the board of directors reducing the capital stock of the company from \$1,000,000 to \$500,000 by reducing the number of shares from 10,000 to 5,000, and voted to issue 500 shares of the par value of \$1,000. This will restore its capital to its present figure and add a million to the assets. The company's losses as a result of the San Francisco fire were about \$2,500,000.

TWO MILLIONS TRANSFERRED. (BY THE ASSOCIATED PRESS—A.M.) NEW YORK, May 29.—The sum of \$2,500,000 was transferred by telegraph from San Francisco to the subtreasury in this city today.

INSURANCE FIRMS FOR BLACK LIST.

STATE COMMISSIONER INTENDS TO CLASSIFY OFFENDERS.

He Says Some Institutions Are Meeting San Francisco Loss Honestly, While Others Conceal. Acting Very Unfairly—His Findings Will Be Made Public.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, May 29.—(Exclusive Dispatch.) State Insurance Commissioner Wolf says that he will prepare a "good list and a black list" of insurance companies doing business in California. When the present settlements between the underwriters and the public who hold policies are concluded this list will be made up. The classification of "good" and "bad" companies will be based upon the manner in which the respective companies deal with those who have claims for losses in the fire. Information will soon be in the possession of the insurance commissioner concerning the acts of each and every company.

"Then," the insurance commissioner explained today, "I will prepare a good list and a black list, and I will send both to the public. The good list will contain the names of those companies that are meeting the San Francisco loss honestly, and the black list will contain the names of those companies that are concealing their losses. The insurance commissioner will also supply them to every newspaper that will publish them."

STOPS AID TO SLAYER PATRICK. (BY THE ASSOCIATED PRESS—P.M.) ALBANY (N. Y.) May 29.—"Little less than scandalous," is the phrase used by Gov. Higgins in a veto memorandum issued tonight regarding the law's delays in the case of Albert T. Patrick, charged with the murder of the aged millionaire, William M. Rice, in New York City in 1900.

The Governor's veto is of two bills introduced by Assemblyman Wade of Chautauque to amend the code of criminal procedure so as to permit an order of detention for a new trial in a criminal case on the ground of newly-discovered evidence. The bills were introduced in the Senate also by Senator Smith, were generally understood to have reference especially to the Patrick case, and the Governor so describes them in his memorandum.

"Waiving the objection to the bills," says Gov. Higgins, "that though they are general in form they are also special in their application and are intended to grant a right of appeal to Albert T. Patrick to obtain a review of an order, if such order be made, denying his pending motion for a new trial on newly-discovered evidence, I disapprove them for the reason that they introduce a new procedure in criminal law and tend to defer indefinitely the termination of a capital case."

"The case of whose murder Patrick is convicted, died on September 23, 1900, nearly six years ago. The law's delays in this case seem to me little less than scandalous."

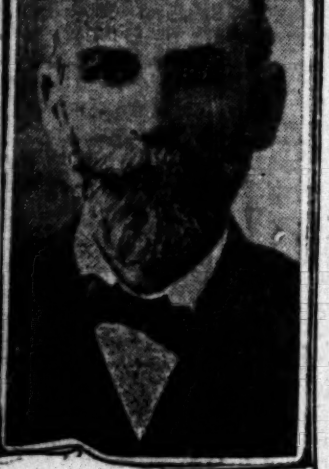

Recorder Goff, before whom Patrick was originally tried, has now under consideration such a motion for a new trial for Patrick and Gov. Higgins has relieved the condemned lawyer for a third time until June 18 on this account.

MANY APPLICANTS. Seekers for Free Tools Numerous in San Francisco—Great Activity at "The Times" Bureau.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, May 29.—(Exclusive Dispatch.) This day has been one of great activity at the Times free tool bureau. All the stores which have been kept under military guard at the Crocker School, were transferred today by order of ex-Mayor James D. Phelan, to the basement of the Hamilton School. Thus the office of the tool bureau and the base of supplies are located under one roof. When this great bulk of goods arrived at the Hamilton School, it was placed on the pavement, under guard, and the willards of applicants for tools were carried the boxes into storage. James A. Angwin, a well-known builder and former tool salesman of Oakland, has been placed in charge of the basement and with his practical knowledge of tools he quickly had the stores converted into a well organized distribution station. Applications for tools have continued to pour into the bureau all day. Men are rejecting at the prospect of getting tools which will enable them to earn craftsmen's wages at once. Many a man will be taken out of the bread line through this practical method of extending a generous portion of the Times relief fund.

It is noticeable that many non-union and independent workmen are making applications, and the credentials they bring, in nearly every case, have proved satisfactory. In this distribution of tools, the Times bureau is acting as an artisan is a member of a union, neither is the fact that a man is not affiliated with these organizations any factor against him. Each case is considered individually, and independent workmen who can produce proper credentials and proof of their willingness to receive help are given ample opportunity to participate in the settling of the rebuilders of San Francisco.

While the erection of large substantial structures is definitely planned and the reconstruction of the city will require weeks before "his can be undertaken. In the meantime a vast number of small frame buildings for business purposes is being raised, and carpenters, plumbers and machinists with tools have no difficulty in at once setting to work.

TENNESSEE DEMOCRATS HOLD RIOTOUS SESSION.

State Convention Meets to Nominate Candidates for Governor and Railroad Commissioners and War Issues Between Factions—Meeting Adjourns Without Organizing.

(BY THE ASSOCIATED PRESS—P.M.)
NASHVILLE (Tenn.), May 23.—Riotous scenes marked the session today of the State Democratic convention, which met here at noon to nominate candidates for Governor and Railroad Commissioners.

The session being adjourned at 5:30 this evening, until 10 o'clock tomorrow morning, without effecting temporary organization.

The convention today was decidedly the most turbulent body of the kind that ever assembled in Tennessee.

There were numerous, and it was with the utmost difficulty that any record of the proceedings could be ordered. Adjournment was taken after an understanding had been reached between the three warring factions that the three gubernatorial candidates, Gov. John I. Cox, Congressman Malcolm R. Patterson, Judge John H. Bond, should each name four representatives, who will constitute a committee to decide on a temporary chairman.

POLICE FORCE NECESSARY.
Before this agreement was effected the battle over contested delegates occupied the entire time of the convention. The services of the police were necessary for the crowd.

Vis-Chairman W. Abernathy, of the State committee, called the convention to order. There was confusion from the start, and when the call of the roll of counties for the selection of a temporary chairman began, the uproar steadily increased.

Chairman Abernathy was often swept aside by the contest, and with many speaking and shouting from various parts of the hall, none could be recognized. At length a council of war between the leaders brought about a temporary truce, and adjournment followed.

CHAIRMAN QUILTS POST.
Late in the afternoon the disorder continued and it was impossible to proceed with business. Every inch of ground for control of the convention was contested by the opposing factions. Chairman Abernathy left the chair and refused to further preside.

Personal encounters followed, and one man was beaten over the head with a stick. The police were called upon to interfere, but the convention hall had the appearance of a free fight.

One of the Greatest Strategists

The latest photograph of Viscount Kodama, who has superseded the Marquis Oyama as chief of the General Staff, Japanese army.

According to correspondents and foreign army officers detailed to follow the Japanese armies in their war with Russia, Kodama was the real brains of the brilliant campaign; Oyama Nogi and the other leaders in the field simply put his strategy into operation. The Japanese themselves popularly regard Kodama as being the chief cause of their armies' unbroken success, and his appointment, therefore, gives universal satisfaction.

THEODORE KEARNEY DEAD ON ATLANTIC.

(BY THE ASSOCIATED PRESS—P.M.)

QUEENSTOWN, May 23.—During the passage of the steamer *Carolina*, which arrived here tonight from New York, M. Theodore Kearney of San Francisco, a saloon passenger, died suddenly. The body will be landed at Liverpool and thence returned to the United States.

WAS MAN OF MYSTERY.
(BY THE ASSOCIATED PRESS—P.M.)
FRESNO, May 23.—M. Theodore Kearney was the largest raisin grower in the United States, if not in the world, and was the organizer and, for a long time, president of the California Raisin Growers' Association. He has been in poor health for a long time, suffering from cardiac trouble, and was on his way to Bad Nauheim, Germany, to take treatment. He left May 9, and was expected to reach London today. He was in San Francisco during the earthquake, and his condition was aggravated by excitement at that time.

Mr. Kearney was a "man of mystery." He was a bachelor with no known relatives and no confidential friends. No one here knows where or when he was born or anything about his early life. He came from England or Ireland, claimed American citizenship by naturalization of his father, and was put into the service of the United States in 1874, and dealt in land in California. He was the owner of the 5000-acre "Fruitvale" estate, containing the famous Kearney vineyard. He laid out a ten-mile scenic boulevard from Fresno to his estate, where he had a beautiful park and a castle in which he lived alone.

Mr. Kearney's career as president of the raisin association has been a stormy one, and the "raisin politics" raging in the association has made up a larger part of the history of Fresno for the past seven years.

WORK AT FERRIES.
Work will be commenced this week on the Railroad ferry, near the new building. This building, though of a temporary character, will be ornamental and commodious, as it is expected to house the general offices of the ferry company for some time to come.

The present week also will see the completion of the street railway at the beach, from the ferry to the new building. The permission was granted to the United Railways by the Harbor Commissioners. This will facilitate the transfer of cars from the beach to the city.

The ferry and aid in relieving the congestion of passenger traffic. It is believed that about fifty new street cars will arrive here by the end of the week.

MAJ. FREMONT BANKRUPT.
Son of "The Pathfinder" Has Many Debts, Mostly for Borrowed Money.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, May 23.—[Exclusive Dispatch.] Maj. Francis P. Fremont, an officer in the United States army, stationed at Governor's Island, has filed a petition in bankruptcy, with liabilities of \$11,237 and cash assets of \$23.

Maj. Fremont is a son of Gen. John C. Fremont, famous in American history as "The Pathfinder."

Maj. Fremont sets forth in his petition that his debts are mostly for borrowed money and that they were contracted at Plattsburg, N. Y., Mobile, Washington and San Francisco. His salary as a major is slightly in excess of \$3000 and the schedule of his indebtedness includes a security note of some hundreds of dollars which Maj. Fremont has had to subordinate for a friend.

Maj. Fremont could not be seen this evening, but officers at the post said it was a case of the call of one's position in life exceeding the income thereof.

Crocker Estate Will Erect a Ten-Story Structure.

Work to Begin at Once on the Arcade for Railroads.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, May 23.—[Exclusive Dispatch.] The Crocker Estate Company has decided to erect a ten-story structure adjoining the Crocker building, at the corner of Market and Post streets. The new block will have a frontage of 14 feet on Market street and 12 feet on Post. It will be of steel and stone, and will cost \$750,000. Work will be commenced as soon as a settlement is made with the insurance companies. The Crocker building was not greatly damaged by fire, and will soon be ready to receive tenants.

Dr. Hertzstein will erect a \$100,000 building at the corner of Broadway and Battery, to replace a cluster of wooden sheds that formerly occupied the site. It will have a framework of steel, and will be constructed of reinforced concrete.

UNION SQUARE BUILDINGS.
The Union Square Property Owners' Association has been organized and is holding meetings, with the object of insuring the rebuilding of the blocks facing the square on uniform lines. Included among the owners of land in the square are the Spring Valley Water Company, the Crocker Hotel Company, M. H. de Young, the Pacific Union Club, Joseph M. Rothschild, Mrs. Emma G. Butler, and others.

Some of the owners have already made plans for the replacing of their burned structures, or have indicated an intention to rebuild at an early date. It is planned to have some general form of architecture followed, so that the blocks fronting the square will be among the most sightly in the new city.

An idea of the rise in property values on Fillmore street, because of the fire is gained from the terms of a lease just closed by Baldwin & Howell with Mr. E. Oldenburg, for a syndicate. A 275-foot lot at the corner of Golden Gate avenue, has been taken for five years at a rental of \$5,000.

Bush Brothers, real estate proprietors of the California Dairy Kitchen on Market street, have leased a lot at the corner of O'Farrell and Carols streets, and will put up a four-story brick building, to be used as a hotel and restaurant.

The Owl Drug Company and the Regal Shop have given examples of energy that are encouraging to San Franciscans. These two firms have large temporary stores supplying the needs of customers on Market street, between O'Farrell and Ellis.

Both are well equipped with stocks of goods, and at night storerooms are illuminated by arc lights that give the places a cheering aspect amid the surrounding gloom. The buildings were completed and the stocks installed within a month after the earthquake.

JAPANESE GOING INTO MANCHURIA.

PREMIER SAYS DALNY WILL BE MOST IMPORTANT PORT.

Port Arthur Has No Future Except as Naval Base—Heavy Immigration to Hawaiian Islands Will Be Stopped by Removal of Agents of Companies and Law's Enforcement.

(BY THE ASSOCIATED PRESS—P.M.)
VICTORIA (B. C.) May 23.—Marquis Saloni, the Japanese Premier, and a commission consisting of the heads of the various branches of the Japanese government, has returned from an official visit to Manchuria, and Korea, according to advices received by the steamer *Empress of Japan*.

The Japanese Premier stated on his return that Tallenwan (Dalny) would probably be the most important Manchurian port, it being more suitable than Yinkou (Newchwang). The buildings at Tallenwan had been repaired, but warehouses were necessary.

Port Arthur, he said, had no future except as a naval port. The old Chinese town has recovered much of its activity, but the larger Russian buildings were unrepared, and the forts were left, as they were when Stoesel abandoned them. There is a general air of destruction and desolation.

Yinkou is still the great emporium of trade with Central and Northern Manchuria, although it has not yet recovered the degree of prosperity it had before the war. This port will rival Tallenwan.

Japanese subjects are increasing rapidly in Manchuria, he said. There are 5000 at Tallenwan, 4000 at Mukden and many are congregating at Tieling and other points.

Do you know this tract area near Los Angeles? Exclusive of desirable homes, elevated, overlooking the valley, ocean view. This is probably the most slightly overpriced on the market at low prices. CONSTABLE GETS
TWO ALLEGED OFFENDERS.

One of Them Said to Belong to
Notorious Arizona Family of Early
Days—Boys Were All "on the
Map" and Typical Frontier Char-
acters.

ANTHELLE, May 29.—Constable De
Mott rushed over from Los Angeles
this morning and conducted another
roundup of "blind pigs." When the
constable had returned to the city
with a couple of alleged offenders
under arrest, he was informed that
the law, while prohibiting the sale
of intoxicants within a mile and
a half of a government soldiers' home,
did not prohibit the sale of them
within a mile and a half of a
cobbler's shop on Fourth
street, and James Earp, whose place
of operations was along the same coun-
terway, Hines is charged with
having maintained a blind pig in a lit-
tle room behind his pig store.
The accused Earp comes of a nota-
ble family. He is a brother of the
famous Earp, a noted character in
the pioneer days of Tombstone, Ari-
zona, that famous camp where
Hells Angels as being the roughest camp
in the West. There were six of the Earp
family, Wyatt, Morgan, Virgil, Alvin,
and another—and all were well
known in the 70's throughout Arizona.
Of them, it is said, would fight at
the drop of the hat, and two of them,
Wyatt and Morgan—were killed in
personal altercations. Wyatt served
several years as the City Marshal
of Tombstone, and later was one of the
men of Nome, Alaska. He is now
at Searchlight, Nev. The father
of the cobbler of frontier characters
was a member of the Soldiers' Home near

by day for news and at last wrote
home—to whom, I will not say—but
from that letter they knew my hiding
place and got me. That is all there is
to the story until I consult with a law-
yer and make my statement at my pre-
liminary examination."

BECKHAM IN JAIL.
Henry Beckham, negro, was arrested
late yesterday afternoon and locked
up in the City Jail to serve time. The
police say short time ago he was
convicted on a petty larceny charge
and sentenced to serve six months in

pended provided he left town. He
promised to go, but did not. Now he
is alleged to have stolen a number of
cooking utensils from a tinsmith's war-
ehouse. Beckham has served eleven years

Starvation in India

8,000,000 natives killed by
preventable famine and plague
in a single year.

133,000,000 in a constant
state of half-starvation.

200,000,000 whose souls are
starved by a system of caste,
as effectually as the body is
starved by famine.

You will think America a
pretty good sort of place to
live in after all when you have
read Russell on India, in
Everybody's for June.

Commencing Sunday, October 1, 1934, the rate for Sunday "Liner" was raised to 1/4 cent per word for each insertion. Minimum charge, 25 cents, as at present. THE CITY IN BRIEF

NEWS AND BUSINESS.

Benefit Ball.

The Rathbone Sisters will give a ball in the Rialto Ball Room on next Tuesday evening for the benefit of the Rathbone Sisters of San Francisco.

Bankrupt Pledge.

David T. Hill, a Los Angeles carpenter, pleaded bankruptcy in the United States District Court yesterday. He says he owes \$250, mostly on money borrowed, and has assets of but \$12.

Library Board Meeting.

The Library Board met last night and disposed of an accumulation of routine business, and provided for various small details in connection with the new library. Librarian Lummis is off on a vacation in Arizona.

Signed by Washington.

The California Club has been presented with a priceless relic in the shape of a certificate of membership in the "Society of Cincinnati," signed by George Washington, and J. Knox as secretary, under date of December 1782. "Low" Goes Eastward.

The area of low barometer which has been dropping rain over Southern California has finally moved eastward, and yesterday afternoon the center of disturbance disappeared, sliding down the eastern side of the Rocky Mountains. Clearer weather today with warmer atmosphere is predicted by the observer.

Snack-Thieves Moving.

Several small burglaries were reported to the police yesterday. Some clothing was stolen from the Hotel Rinkhouse; \$19.50 in cash and a pair of gold studs from the residence of A. Osburn on San Pedro street; a set of harness from the barn of A. Julian on El Molino street.

Loose Big Certificates.

A. B. Carpenter of Mexico City, who is staying at Hotel Hollywood, yesterday lost two nine-stock certificates worth \$24,000. The papers, which are not negotiable, were in an inside coat pocket with a wallet, and as that was taken, Mr. Carpenter thinks the certificates were not stolen, but dropped out.

"Rushed" by the Landlord.

A man giving the name of Richard Queen was taken to the receiving hospital yesterday morning from Aliso and Alameda streets, suffering from a severe scalp wound, and was lying in a stupor on the sidewalk when found. He says he went into a rooming-house and was at once jumped upon by a man, who struck him with something and then threw him out into the street.

Charged With Robbery.

Martin J. Wall is in the City Jail charged with robbing Frank Neaky of \$25. According to Neaky's story he was in a saloon drinking, standing near the rear door, when Wall went up to him and saying, "Buy a drink," showed his hand and Neaky's pocket took \$25 and ran. Neaky immediately reported to the police, and Wall was discovered in the Tourist rooming-house. Neaky testified him, but he did not have the money.

Boys' Athletic Club.

The members of the Pico Heights Athletic Club gave an entertainment at the residence of E. B. Lockwood, No. 1401 Millard avenue. The Lockwood brothers won applause by the good rendering of two piano duets, recitations and songs. McClary, Jones and Adelle contributed recitations and songs in a creditable manner. The parlors were prettily decorated, and the boys wore roses and bright ribbons in their buttonholes.

Hagerman to Kansas University.

J. F. Hagerman, the Occidental athlete, has accepted the general secretaryship of the Y.M.C.A. at Kansas University, and will take up his work there in the fall, immediately upon his return from the athletic championship contests in England. Hagerman has been actively engaged in Y.M.C.A. work during his college career, and has built up the association at Occidental into one of the strongest in the state. In 1907 Hagerman will enter Princeton Theological Seminary for the regular three-year course.

Saved by Delay.

H. C. Carvey was arrested yesterday, charged with stealing a watch from Nellie Linahan at the Hotel Rinkwood so long ago that the owner of it, who was a telephone girl at the hotel at the time, had almost forgotten her misfortune. Carvey carried the watch for some time and then sold it and it was just discovered recently by the police. He freely confessed that he had stolen it, but he had been put wise to the fact that it was over a year ago that he stole the watch, and as no complaint had been filed against him, he is protected by the law of limitation, and the prosecuting attorney would have no complaint against him. He was turned loose.

SNOWBLIDE KILLS MINER.

Several Pittsburgh Capitalists Narrowly Escape Injury as Avalanche Moves.

(BY DIRECT WIRE TO THE TIMES.) SILVERTON (Colo.) May 18.—[Exclusive Dispatch.] William Alduff, a miner employed at the Sam Moore property, between Eureka and Animas Forks, was smothered to death in a snowslide late Saturday afternoon.

Alduff was showing a party of Pittsburgh capitalists who are interested in the mine, over the ground, in company with Manager Martin.

Despite Martin's warning, Alduff proceeded along to a drill near by, where a mass of snow hung threateningly and while directly under the blast, the entire mass of snow fell upon him. He was dead when taken out.

Several in the party were knocked down by the slide.

John B. Chapman, W. W. Woodruff, Thomas M. Bonner, W. W. Gurley, John C. Langan and S. R. Highland of the party of capitalists, narrowly escaped death.

IS IT TORTURE AND MURDER?

People in Sherman Excited Over Mystery.

Believe Missing Chinaman Was Slowly Killed.

District Attorney Is Making an Investigation.

Evidence, which, slight as it is, appears to point to a Chinese mystery of torture and murder near Sherman, is being investigated by the District Attorney and detectives, and a large

Chinaman at the camp state that "Charlie" has been gone two weeks. "I am sure Charlie is penned up in one of those rooms, or is hidden somewhere around that camp," said Mrs. G. B. Miles, one of those who last saw the missing "Charlie." "He is being kept out of sight by those Chinamen at the gardens because they hate him. That boy was the only decent one at the camp and the others are jealous of him. I feel sure they are keeping him out of sight and I know he is there."

When asked why she is so positive the missing Chinaman is at the vegetable gardens, Mrs. Miles said: "I can't tell you why, but I am convinced he is hidden away and that those Chinamen there could tell where he is if they would. They will probably try to kill him and I wish some one would compel them to tell all they know."

PASTE LOVE AND DIAMONDS.

Brooch Conspiracy Is Foiled by Husband.

Pretty Typewriter and Gay Tourist Mourn.

Wife Weeps, Hubby Jingles the Gold Coin.

A young, pretty bedimmed wife of a Main-street cigar store proprietor is sitting these days biting the ends of her finger nails in impotent rage. She is holding in her lap, a cheap brooch of imitation diamonds.

Verily her chagrin is deep. In one of the big downtown hotels a gay, wealthy tourist from the East is ordering innumerable highballs and cursing the proprietor of the cigar store.

The Main-street cigar man, all unknowing of this animosity, is fondly jingling \$300 in gold and plans big additions to his little cigar stand.

He speaks to his young, pretty wife and asks her how she likes her new imitation diamond brooch. He evidently expects a glowing answer telling of her unbounded delight.

He gets a frosty reply and ponders sadly on the countenance of some women.

The story back of this melange of emotions is a most interesting one. As the hills, but ends in a completely new wrinkle, in which the guilelessness of the husband matches the guile, all unknown to the wife and the wealthy tourist.

The income from the Main-street cigar stand is not great and to add to the family exchequer the pretty, dimpled young wife took a position as stenographer in one of the big hotels downtown.

TONIC FOR TWO.

This was last November and since that time she has prospered greatly in the goods of this world. As she merrily clicked away on the keys of her typewriter in the big hotel, her glowing cheeks attracted the attention of the wealthy tourist.

Said the tourist, "I have developed a great number of letters for the typewriter."

These letters gradually took upon themselves a personal note, and private they were acquainted.

A ride in Mr. Tourist's big automobile was in order.

But the husband who sells cigars on Main street "must be told of the ride," said the typewriter wife to her tourist friend.

"Nonsense," said the tourist. "No husband ever understood these platonic friendships."

Other arguments were used, but anyway the husband who sells cigars on Main street was not told.

The husband became frequent and the platonic friendship, like other tonics, was exciting and soon ripened, at least on the tourist's part. Into that state of the heart for which the Hills end with an arrow is held responsible.

Flowers were sent around to the typewriter desk and duly carried home, where they adorned the cigar stand.

The young wife purchased beautiful clothes and still turned in her salary to swell the receipts of the cigar stand.

PICKED THE DIAMONDS.

The trusting proprietor of the cigar stand was told that the "tips" from the guests made this possible.

Throughout the long winter months the platonic friendship traveled a course of late dinners, theater parties, automobile rides and flowers.

Then came the day when the husband, who was a necessity occur in all things.

The tourist had to hasten back East where business called him but before he left he prepared to present the young object of his platonic affection in a gift which would serve to keep him in his mind if not her heart until he drew him to these shores.

He decided upon a costly \$400 diamond brooch. It must be the best that money could buy. The young woman accompanied him to the jeweler's and picked her heart's desire.

Great brilliantly-scintillating diamonds in a cluster. They were the all that she held dear, the one of life's best gifts and they were hers.

But then the specter of the man

SNOWBOUND ONES BACK.

Redlands Parted Returns from a Fishing Trip About Fredalba.

(SPECIAL CORRESPONDENCE.)
REDLANDS, May 29.—Gordon E. Sucher, Charles Vahey, Miss Sybilla Knopf and Miss Helen Alken arrived today from Fredalba. They went up into the Bear Valley section on a fishing trip last week and were later snowbound and for two days were detained at Fredalba. Their relatives here had become greatly worried over their delayed return.

who owns a cigar stand on Main street arose up.

How was the possession of this costly bauble to be accounted for. The former excuses would not carry with them a \$400 diamond brooch.

Then the wife of a woman were brought into play and this was the plan decided upon.

SUCH A SCHEME.

The tourist man was to take the brooch to a Main-street pawnshop and obligate it for \$5. a merely nominal sum. He was to give the ticket to her and she was to joyously run to her husband's cigar stand on Main street and tell him she had found it.

It worked to perfection up to a certain point.

The young wife "found" the ticket and danced home in a burst of joy and fairly hustled hubby from his cigar stand to the pawnshop to redeem the diamonds.

"Oh, hurry, John. Maybe it is worth a hundred dollars. Do hurry. I will watch the cigar store while you are absent," cried the innocent young thing.

And John hurried. He lit into the pawnshop and a hurricane and redeemed the brooch.

Dazzled by his burst of imprisoned sunshine he stopped and pondered over it. Then like a wise man he took it to one of the best jewelry stores in Los Angeles and asked its value.

He was offered \$325 cash for it.

And took it.

HUSBAND'S CINCH.

He reasoned this way: "The woman doesn't need such a valuable piece of jewelry. She does not know of its value and therefore will not miss it. I need the money and so, I have it."

But a quail struck him. He dashed into a cheap jewelry store and purchased an elaborate time containing about a half-hundred paste diamonds, paying \$25 for it.

And jingling the three hundred dollars in his pocket he hastened back to his wife.

She met him outside of the cigar stand and dancing for joy asked for the price.

She got it.

There was a choking sound and the young woman suddenly turned around and fled to the rooms of the couple above the cigar stand.

The husband with a puzzled look upon his face pondered long and deeply on the contrivance of women in general and his wife in particular.

"Anyway, I got \$300, and my store needs repairing, and I want some new things myself. She will be satisfied with that brooch," he soliloquized as he dusted the top of the cigar case and arranged his boxes of goods.

RUPTURED ARTERY.

Coroner's Physician Performs Autopsy on the Body of Charles Dawson at Widow's Request.

No inquest was held in the case of Charles H. Dawson, who died suddenly in his bed at the Hotel Judd in this city on Monday night, but at the

request of his widow, Dr. George W. Campbell, the coroner's physician made a post-mortem examination, at the undertaking establishment of Pierce Bros. His report is that Mr. Dawson's death was caused by a rupture of the aorta, or large artery of the heart. The deceased was a wealthy resident of Spokane, and had been married but a few weeks ago to Miss Margaret Desmond of Minnesota. No arrangements have yet been made for the funeral, as the widow is awaiting word from relatives.

DANISH LODGE SOCIAL.

Local Dances Entertain Their Friends With Musical Programs, Dances and a Banquet.

Vitus Bering Lodge, No. 18, Danla of California, made merry last night in the hall at No. 175 North Spring street in its first social entertainment since the organization of the lodge several months ago. About one hundred of the members and their friends were present and the fun kept up until midnight. An interesting programme of music and recitations was given and after this there was dancing and a feast. A. H. Jorgensen was master of ceremonies, as he was the founder of the lodge in this city.

There are about 2500 members of similar lodges in California and 1000 members were to have met in convention in San Francisco the morning of the big earthquake. According to one of the prominent officers the local lodge was organized for the purpose of erecting a memorial to the memory of the dead Danish monarch, Christian IX, and this memorial is to take the form of a hospital for Danish people.

AUDUBON SOCIETY.

The Committee on Organization of a State Audubon Society will meet in the Chamber of Commerce tomorrow at 11 o'clock a.m. for the purpose of forming a permanent organization. Rufus P. Jennings of San Francisco said yesterday: "California is essentially an agricultural State and there is no better asset for an agricultural State than an abundant supply of native wild birds. Science has come to the aid of the farmer and demonstrated beyond successful contradiction that bird life is a factor in his success, to which value must be ascribed."

MADE A MARK IN POLITICS.

Death Takes a Prominent State Democrat.

John P. Dunn Had Served in Trust Places.

Record as State Controller Brought Fame.

Hon. John P. Dunn, former State Controller, and for years a prominent figure in the politics of California, died at 4:30 o'clock yesterday morning at the home of his sister, Mrs. B. Foley.

The immediate cause of his death was heart failure superinduced by bronchial trouble, from which he had long been a sufferer. He had not been in robust health for several years, but not until after the disaster in San Francisco did his condition become serious. A resident of San Francisco for many years, he had hundreds of friends and many dear associations there. The awful fire and enormous property loss caused him to suffer a nervous collapse which made it impossible for him to recuperate when a fortnight ago he became seriously ill after returning from one of his beach trips.

Monday night he suffered a sinking spell and relapsed into unconsciousness, which continued until the end came.

The remains were removed to the family home at Duarte yesterday, and there they will lie in state until Friday morning, when the funeral will be held with solemn high mass in the new Catholic Church at Monrovia. The funeral will be the first service to be held in that church since its dedication in July of the same year. He received his education in New York and attended Cornell University, but was compelled to leave on account of ill health. He came to California in 1875 and located in San Francisco where in 1880 he was married to Miss Mary Dunn.

In 1879 he was elected auditor of the city and county of San Francisco, and conducted such a strong campaign for the purity of the government that he was defeated at the next election in 1881, because of the antagonism of the tycoon class. He was then elected Valley Water Company, and the San Francisco Gas Company. As auditor he refused to sanction the exorbitant gas bills under an illegal contract entered into previous to Mr. Dennis' administration. The case was bitterly fought and appealed to the supreme court, where it was decided in favor of the city, as it had been in the lower courts.

In 1881 he was elected State Controller, which office he held for eight years. It was while serving in this capacity that he earned the title "Watchdog of the Treasury," and by his carefulness saved the State many thousands of dollars.

EXPOSED DAN BURNS GANG.

While he held this office he made his famous exposé of the Dan Burns gang, accusing them of grafting and declaring that Burns himself had secured thousands of dollars belonging to the State of California. The exposé followed forms one of the most exciting chapters in the political history of the State. Burns was removed from office and the political career of many friends and also some powerful enemies, some of whom never forgave him.

He was later elected the secretary of the Citizens' Defense Association in San Francisco, and was appointed by Mayor Phelan as one of the Gas Commissioners, but the appointment failed of confirmation. Later he was appointed by President Cleveland registrar of the United States Land Office in San Francisco, which position he held for four years. The next succeeding State Democratic Convention nominated him for the State Board of Equalization, but his candidacy was not successful. He was chairman of the San Francisco committee of one hundred appointed by Mayor Phelan for the purpose of framing the present amended charter of that city. Falling ill, Dunn died in his sixtieth year, after a brilliant political career, which had for its future the possibility of being elected Governor as he had been mentioned for that position.

From San Francisco he removed with his family to Duarte, where he had an orange grove. Shortly after his arrival there he was elected Monrovia Fruit Exchange elected him manager, which position he had held for the past six years.

SPORTS SET FOR TODAY.

Following is a list of sports planned for today:

Cricket match between L. A. Cricket Club and Santa Monica, at Santa Monica; 10 o'clock a.m.

Baseball game between St. Vincent's and Pomona Colleges, at St. Vincent's; 2:30 p.m.

Southern California Tennis Club, open tournament, at Central courts, South Pasadena; 9 o'clock a.m. and 2 p.m.

Cruises and club boats of South Coast Yacht Club, starts from San Pedro, about 10 o'clock a.m.; clam bake at Portuguese Bend.

Championship play at Los Angeles Country Club links, forenoon.

If he did not take a controlling interest in the team and while Pandion will not make a direct statement in regard to his intentions he infers that there will be no trouble whatever in getting a sufficient number of men of means to take the club.

The news was given out around town yesterday that both Little Brasher and Dolly Gray had jumped to the outlaws at Alton, Pa. and if this is true, it will be hard wedding for those who want to play with the Los Angeles organized ball again, for the suspension of President Bert of this league will stand good. Brasher is a very valuable player and he is a team and it is too bad that he has gone. Gray, Foster and Nagle can do little but pitch, and can be replaced, of course. Ross and Carey have expressed a desire to go to Portland to play with the Los Angeles team and will be sent by Pandion, if Dillon wants them.

A telephone message was received from Jim Jeffries last night in which he stated that he would not be in this city before Friday morning and if Carey does not get into communication with him, the baseball business will have to wait until Friday, for Jeffries is one of McCarey's business partners.

The club has made provision to entertain its friends and all those who wish to witness the play will be provided with seats, no admission being charged for entrance.

The courts are in excellent condition and the players are in good shape physically and close and exciting contests are looked for.

The drawing yesterday resulted as follows: Upper half—Rowan and Mellen drew first. Italy plays Woolfson, Russ plays W. Mack. Galusha plays Cawson. Bursley plays Gowan. K. Mace plays Keeney. Bell plays Wayne.

Lower half—Simmons plays Jones. Burns plays A. Mace. Hammond plays Warfield. Lacey plays Donnell. Barry plays Ensign. Rising, Gorman and Way drew byes.

LOOLLOS ARE WHITEWASHED.
SEATTLE, May 29.—Seattle got five hits off Schmidt of Los Angeles today, and won easily. Los Angeles had the bases filled three times but could not score. Score: Seattle, 5; hits, 15; errors, 2. Los Angeles, 0; hits, 5; errors, 7. Batteries—C. Hall and Blankenship; Schmidt and Bliss.

NO RUNS TILL EIGHTH.
(BY THE ASSOCIATED PRESS—P.M.)
OAKLAND, May 29.—For eight innings today Jerry Sales completely shut out the Fresno team. He became over confident in the ninth inning, however, and as a result the Southern team secured two runs while the San Francisco scored a total of nine. In the last inning Sales walked Casey and Truck Egan made a long hit. When the ball had been retrieved Casey had scored and Egan made second base. The Fresno team had a Cartwright came home on a long fly.

Score: Fresno, 2; hits, 14; errors, 6. Fresno, 2; hits, 2; errors, 2. Batteries—Sales and Wilson; Kempe and Hogan.

PORTLAND, May 29.—The local team found Reidy's offerings today to their liking. This with the loose fielding by the visitors gave Portland the game by a good margin. Oakland put Smith in the box in the fifth, but too late to undo the damage. Cliff was invincible. The score:

Portland, 5; hits, 10; errors, 2. Oakland, 0; hits, 4; errors, 4. Batteries—Cliff and Donohue; Smith, Reidy and T. Hackett. Umpire—Kneal.

BALL CLUB SLEEPING.
Ownership Still in the Air, Owing to Jeffries's Absence—Brasher and Gray to the Outlines.

The baseball situation, with reference to the Los Angeles team, is still unsettled for the simple reason that Tom Carey and Corney Pandion have not yet had a heart to heart discussion on the subject. The fans hope that something definite may turn up today.

Pandion made one significant statement yesterday and that was that Tom Carey was to manage the team and that without having had any conference with the latter. This looks as if Pandion would be the manager, even

GOVERNOR SAYS "NIX" ON FIGHT.

BURNS AND FITZ FAIL TO GET TOGETHER.

State Constitution Grants Power to Chief Executive and He Exercises It—Postponement Taken as Abandonment of Attempt to Hold the Heavyweight Battle.

There is a decided contrast between the fight game situation in the East and Los Angeles. There the Governor of the great State of Pennsylvania is rallying the mounted constabulary to prevent Tommy Burns, heavyweight champion of the world, and "Rube" Bob Fitzsimmons hurling each other's countenances, and up in New York the police judge Jimmy Britt and Terry McGovern because they carried out their agreement and really fought.

Here in Los Angeles it is a question if even the Governor and the police could have pulled one recalcitrant pug into the ring last Friday night.

The action of Gov. Pennypacker in ordering out the constabulary has caused Tom O'Rourke, manager of the Texaco Club, of Eslington, Pa., to postpone last night's battle between the two heavyweights until June 6, but the postponement is taken by many to mean that the fight is off.

O'Rourke has pulled off three twenty-round battles at his club within the past few months, and received no molestation from the local officials, although the State officials threatened to interfere.

In outlining his stand Gov. Pennypacker merely quoted from the State's constitution as follows: "The supreme executive power shall be vested in the Governor, who shall take care that the laws shall be faithfully executed."

Officials of the State police department state that a sufficient force will be sent to Eslington to prevent the fight if O'Rourke attempts to pull it off.

When the bout was called off last night Al Kaufmann, the California heavyweight, was ready to back the winner, as was also Jack O'Brien and Gus Rubin.

Both Burns and Fitzsimmons were in excellent condition, the champion weighing about 175 and "Rube" Robert" 168.

MONSOON DAMAGED.
Today's Yacht Club Cruise to Portuguese Bend—Detroit on the Warpath Again.

The new racer Monsoon, recently finished on the design of William Gardner for Joseph T. Pugh of the South Coast Yacht Club, has been run down at her moorings. The damage was not of a permanent character, but the bowsprit was removed and the port shrouds were carried away, together with the chain plates on the same side. That the force was considerable is shown by the fact that one of the chain plates, necessarily of great strength, was snapped across.

The vessel which did the damage was one of the larger power yachts of the same club, which was coming in to her own anchorage. It seems that the man at the helm was being spoken to by the wife of the yacht's owner, and his attention was momentarily withdrawn from his work. The lady referred to was distressed at the accident and immediately prepared to have the necessary repairs made at her expense.

These repairs have been attended to at the yard of the Fellows Construction Company, Terminal Island, in the shortest possible time, and the Monsoon will be able to start her cruise which will start for Portuguese Bend this morning. Nearly all the vessels of the South Coast Yacht Club will get away today, about 10 o'clock except the new Mischief II, which is being fitted with a new boom for the racing mainsail.

By Erkenbrecher's report, the latter vessel, which for two years has been the holder of the Lipton Pacific Cup, is now being copperfastened throughout and prepared to do her duty in the coming racing season. Mr. Erkenbrecher said yesterday that her first race would probably be on June 11, when she will sail in the contest around Catalina Island. Since the Lipton Cup deed was altered so as to limit the waterline length of competitors to twenty-five feet, the Monsoon has not been much for the Detroit to sail for, but on June 11 there is to be a special prize for the yacht which makes the shortest time in the course from San Pedro harbor around Catalina and return. This prize will have nothing to do with time allowance, and Mr. Erkenbrecher rightly thinks that his chance of winning it is excellent. He says that Mr. Dodge will be his skipper on that occasion and he will endeavor to prove a crack crew aboard.

The Detroit has not been in commission since last October, and with the improvements now being made she is expected to return to the racing courses a better, stronger and faster boat than when first launched.

The various cups to be raced for on June 11 were purchased yesterday at Nordlinger's and will be on exhibition in a few days. They were selected by Blake Gregory, chairman of the regatta committee, with Joseph T. Pugh and Walter Polson, owner of Mischief II.

GOLF CHAMPIONSHIP.
Title of Los Angeles Country Club Will Be Settled by Thirty-six-Hole Rounds Today.

Play for the golf championship of the Los Angeles Country Club will begin today on the club's grounds.

The match calls for thirty-six holes, choice score handicap medal play. The contestants making the best gross score for the thirty-six holes will be the club champion.

The recent rains have left the links wet and slippery and good play is not looked for. The entry list is large enough to insure interest in the game and the club expects to turn out a large number of spectators.

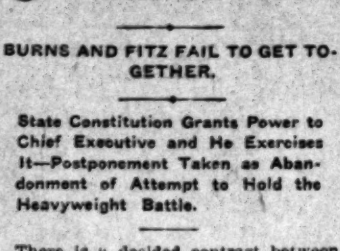

Play will begin during the forenoon and continue throughout the day.

31st Meet Promised.
CINCINNATI, May 29.—The spring meeting of the Latonia Jockey Club, which begins tomorrow and continues for thirty-one days, promises to be one of the greatest in the history of racing in this vicinity. Over 1500 horses are now at the track and several hundred more are expected in the next few days.

Boxing for Vallejo Club.
Manager Grennan of the Palm Athletic Club, Vallejo, is arranging for a match between a corner named Ward and Fred Landers. It is thought this is Mike Ward, the Canadian champion, and the fans anticipate a red-hot battle. It is the plan of Grennan to hold the battle some time next month. Another match which the club has in sight is that between Angell and Herberia.

ROW IN BASEBALL LEAGUE.
Trouble Said to Be Brewing in New Local Organization Over a Club's Changing.

Rumors of an internal scrap in the Southern California Baseball League over such a small thing as the transferring of the Hoegge team to the Dyas-Cline people, are a strong lot. It is not likely that this will be allowed to disrupt the league, for it is understood that the Dyas-Cline people will organize a team of their own rather than cause any trouble.

In the event of the league pulling together, it is not unlikely that the teams will play ball at Chutes Park every Sunday until the first week in July, when the Los Angeles league team is scheduled to come back here for three weeks.

HIGH SCHOOL FINALS.
Baseball Double-Header Saturday to Decide Who is Entitled to Play for Championship.

The finals for the high-school baseball championship of Southern California will be decided Saturday afternoon on St. Vincent's grounds by a double-header game in which Los Angeles High, Pomona High, Santa Paula High and Los Angeles Polytechnic High will participate.

Pomona comes with a strong team and feels certain of clinching the banner, while Santa Paula is counting on being there when the last dog is hung. This team has with it Richardson, the pole vaulter, who has rounded into a great first baseman.

The winners of the first game, which will be called at 1:30, will play the winners of the second at a later date. Each school is deeply interested in the outcome of these final games and will be represented by rooters.

The management of the Academic Athletic Union of Southern California is creating much interest among the students of the South and is giving great encouragement to athletics, and that better results are achieved in studies where they enforce the efficiency rule. The principals of the various high schools promise to assist the athletic teams in every way possible, and to work for the turning out not only of intelligent material for entrance to local colleges, but athletes as well.

CITY'S MIGHTY GROWTH SHOWN.

LOS ANGELES' POSTAL RECEIPTS
RUN TO GREAT SUM.

Aid of Senator Flint to Secure Increased Appropriation for Larger Federal Building is Asked for by Postmaster—Local Official in Letter Gives Weighty Arguments.

So rapidly has Los Angeles forged forward as a city that it has greatly outgrown the appropriation made by the Federal government for the proposed Federal building in this city for the postoffice and courts. Yesterday Postmaster M. H. Flint fired the first gun to secure a larger and more adequate appropriation, one which would permit of the erection of a structure commodious enough to enable the postoffice department to conduct its business without being cramped sadly for want of room.

When the appropriation was made by Congress for the new United States Courts and postoffice building at Temple and North Main streets, the amount was based upon the needs of the local department at that time, but since then the business of the postoffice has increased by leaps and bounds over 300 per cent. The inadequacy of the sum appropriated was shown when each of all the bids received to construct the building was found to be in greater amount than the appropriation itself.

Postmaster Flint sent to Senator Flint yesterday weighty arguments in favor of an increased appropriation to meet the needs of this rapidly-growing city, the arguments being based upon the great increase in the receipts at the local postoffice.

FIGURES SHOW RECEIPTS.

Mr. Flint called the attention of Senator Flint to the population of this city at the taking of the last Federal census in 1890 and the postal receipts at that time, and compared the figures with other cities having a population near in number to that of Los Angeles.

These figures show that in 1890 the population of these cities and the postal receipts were:

Los Angeles, population 101,479; receipts, \$245,044.42.

Detroit, population 285,704; receipts, \$782,412.45.

Kansas City, population 163,732; receipts, \$302,536.22.

Washington, D. C., population, 278,718; receipts, \$389,658.65.

Minneapolis, population, 202,718; receipts, \$261,205.52.

Milwaukee, population, 255,315; receipts, \$323,394.90.

GREAT INCREASE SHOWN.

In the communication to Senator Flint the following argument is made by Postmaster Flint:

"You will note that the postal receipts as above stated for Los Angeles for the year ended June 30, 1906, were \$245,044.42, since which time they have increased very rapidly and for the year ended June 30, 1906, amounted to \$346,512.34. From July 1, 1905, up to the present writing, the ratio of increase still continues and even greater than any previous year. The increase in any one month was in July, when the receipts were \$23,676.90, an increase of \$6,954.38. The greatest gain was made last April when the receipts were \$27,578.53, an increase over the corresponding month of 1905, of \$22,614.87. The total increase during the past fiscal year up to May 27, amounts to the great sum of \$103,467.92."

In the monthly statement referred to by Mr. Flint, the figures for the present fiscal year and for the same months of the previous year and by comparing them he shows the increase by months, which certainly is an argument in favor of larger postal quarters, the receipts in which would more than pay for the building in one year according to the present appropriation. The smallest increase in any one month was in July, when the receipts were \$23,676.90, an increase of \$6,954.38. The greatest gain was made last April when the receipts were \$27,578.53, an increase over the corresponding month of 1905, of \$22,614.87. The total increase during the past fiscal year up to May 27, amounts to the great sum of \$103,467.92."

GAIN THIS MONTH.

Commenting upon these figures Mr. Flint says: "It will be noted that in less than eleven months of the fiscal year ending June 30, 1906, the postal receipts of the Los Angeles office increased \$103,467.92, by far the greatest gain ever shown in this city. Particular attention is invited to the receipts for this month, May, compared to the same month last year. One year ago a great anti-saloon campaign was waged and hundreds of thousands of letters were mailed by those interested on both sides of the controversy; notwithstanding this loss of postal revenue for the present month and having in view the disaster of April 18 last and the continuation of legal holidays, the postal receipts continue to increase with a larger percentage than before."

POST-GRADUATE SCHOOL.

Organization Has Been Perfected by Former Students of U.S.C. Medical College.

What is now believed to be the only post-graduate school on the Pacific Coast came into existence last night in the Los Angeles Post-Graduate School, which was organized by twenty-seven former members of the College of Medicine, U.S.C. While there were but twenty-seven at the meeting, there is little doubt but that the membership will increase to 100 in a short time.

Dr. Walter Lindley presided and on the call for the election of officers, the following were chosen: Dr. W. W. Barclay, president; Dr. E. W. Fleming, vice-president; Dr. W. W. Richardson, secretary; Dr. John Furber, treasurer. The headquarters of the school will be at the medical college on Buena Vista street, but work will be done at any of the hospitals. The object of the school will be to give instruction to graduates in medicine and surgery, and the faculty will be made up of various prominent physicians in this city. The regular work will be devoted principally to clinical instruction. This will be divided into two courses, of six weeks, the first beginning July 1 and the second August 15.

Misunderstanding of

Understanding of the city

purposes of Los Angeles still

chairman, and Mr. Miller of
Pasadena was secretary of the meet-

ing. The speakers seemed to be
in agreement that Los Angeles

must have other cities and towns
in order to obtain from the

power to gobble them up
their consent. The resolution

was adopted by the Consolidation Com-
missioners. Mr. Goodrich's

speech was to the effect that the com-
mission is in favor of allowing Pas-

adena to be the nucleus of the
consolidation. He said that

the commission had strengthened that in-
terpretation of the fact that the

city had no authority to speak
for the other cities and towns.

OWENS RIVER SCHEMES.

Some interesting and more or less
accurate statements relating to the

water supply of Owens Valley were
made by various speakers, one of

them proposed that the county take
the Owens River project out of the

hands of Los Angeles, and bond itself
to carry it through. Another declared

that Los Angeles does not control the
water, she claims in Owens Valley,

that the reports of her engineers are
untrue, and that there is plenty of wa-

ter there to which Pasadena may help
herself independently. "Los Angeles,"

he said, "is not in a position to dictate
to us. It is time for Pasadena to se-

cure her rights in Owens Valley." And
so on and so forth.

THREE TAILORS.

In the meantime, Mr. Goodrich had
been out with a committee preparing

the resolutions. He returned in the role
of the three tailors of Tooley street

and resolved "that we, the people of
Pasadena, Long Beach, Alhambra and

Pasadena, favor the acquisition of
a larger water supply for Southern

California and the consolidation of the
office of city and county tax collectors

and assessors, but oppose any further
consolidation with Los Angeles."

The resolutions were about to be put
to a vote, when a man in the audience

suggested that the meeting might be
composed of citizens but had no right

to call itself "the" citizens. He said
that there were others and they might

have different views.

SOUTH PASADENA OBJECTS.

A South Pasadena objector also objected
to Mr. Goodrich's description of himself

as "the citizens of South Pasadena."

That resolution, "does not
voice the opinion of South Pasadena.

We are not opposed to consolidation,
and we are not antagonistic to Los An-

geles. That puts us in a false light,
and I protest against it."

"BIG" KING FIRED.
Palisman Who Borrowed Money by
Wholesale and "Skidded" Dis-

Charged by Commissioners.

Patrolman W. A. King, known as
"Big King," who skipped after bor-

rowing all the money he could from his
friends, was discharged from the force

last night by the Board of Police Com-
missioners. The exact whereabouts of

King are still a mystery. The chief
thought he had located him in Ogden,

Iowa, and wrote there, but received no
reply. In this letter the chief informed

King that he had been suspended on
account of absence from duty without

leave. The only man who has heard from
King since he left is A. Lowenstein,

proprietor of a cafe. King borrowed
money from Lowenstein and left with-

out "good-by." In this letter King
says: "Well, old timer, I am just in

from Colorado with my brother Ar-
thur. I suppose you think I am gone

for good in leaving so soon. Arthur
says to tell you 'hello.' I will be in

the city soon."

Yesterday three new creditors of
King showed themselves. It was

learned that Joe Pugline, proprietor of
a saloon, loaned the officer \$15; and P.

Bonze, of another saloon, advanced
\$25. The police say the absconding

officer also secured \$25 from the pro-
prietor of a livery stable on Fifth

street.

DONATIONS ACKNOWLEDGED.

The Citizens' Relief Committee yester-
day passed resolutions of thanks to the

various departments of the city
government for their donation of \$753

amounting to about \$16,000, from the
sale of fruit in various cities through-

RESIGNS FROM POLICE BOARD.

O. T. JOHNSON RETIRES BECAUSE
OF ILL HEALTH.

Acts Upon the Advice of His Physician, but Gives No Other Reason for Relinquishing His Position. Mayor Declines to Discuss Appointment of Successor.

Police Commissioner O. T. Johnson tendered his resignation last night to the Police Board. His health was the cause assigned for retirement. The resignation was accepted with regrets. Mr. Johnson has been ill for several years. He has not attended a meeting of the Police Board since March. Yesterday morning, he went to the Mayor's office and presented his written resignation to the clerk. It contained a single sentence, to the effect that he resigned in accordance with the advice of his family physician.

When the resignation was read the Mayor expressed his regrets at losing so valuable a commissioner. "I have known for some time that Mr. Johnson was in ill health," said the Mayor. "At the time he accepted a place on the commission he stipulated that he should be permitted to retire at the end of six months, or at any time thereafter that he felt his health to be suffering by reason of remaining on the board."

"Under the circumstances we can do nothing less than accept the resignation," said the Mayor.

Commissioner Hagan promptly moved that this be done with regrets by the board, and the motion carried unanimously.

Ever since the trial of the Palace and Imperial cases last summer, Commissioner Johnson has been allied with the minority wing of the Police Board. He and Commissioner Mason have opposed the liberal policy shown by the Mayor and the other two commissioners in granting wholesale and retail liquor licenses and their liberal interpretation of the rules of the Police Board as affecting the management of saloons.

Mr. Johnson cast the deciding vote that elected Walter Auble Chief of Police.

Mayor McAleer declined last night to discuss the appointment of a successor to Mr. Johnson. He said that he sees no necessity for haste in filling the vacancy.

MUST STAND TRIAL.

Detective Smith Suspended and Fined for Charges of Intoxication Preferred Against Him.

Police Detective Bert Smith has been suspended by Captain of Detectives Plummer on a charge of intoxication. Last night Chief Auble presented to the Board of Police Commissioners formal charges preferred against the officer by Capt. Plummer. Next Friday night the detective must defend himself before the Police Board against the charges of wilful disobedience of orders, absence without leave and neglect of duty.

All these charges are the outgrowth of the officer's convivial celebration of the Fiesta. In the charges Capt. Plummer alleges that Detective Smith was unable to attend to his duties on May 14 and 15, and that he confessed to Plummer that he was intoxicated for service by reason of intoxication.

Smith was practically on probation in the police department. This is said to be the third time that he has fallen from the "water wagon."

ROYAL ARCH WINS.

Licenses for Wholesale Liquor Establishment in Vernon District Granted.

The Royal Arch has triumphed over the Vernon Improvement Association by locating a wholesale liquor store at the extreme southern end of the Vernon car line.

Last night the Police Board granted to W. M. Schmeiss a wholesale liquor license at No. 5123 Central avenue. For three years the Vernon Improvement Association has opposed the location of a wholesale liquor establishment in that district.

During the Snyder administration a number of attempts were made by the Royal Arch to locate there. But the Police Board always warned the association that the application was pending, and the association was always present with its protest.

When the Chief's report was read last night there was not a voice raised in protest. Vernon did not know that it was pending.

FATHER DIES FROM BURNS.

LA HABRA MAN SEARCHES THE FLAMES FOR DAUGHTER.

Remarkable Will Demonstrated in Last Extreme Effort to Retain Consciousness Long Enough to Dispose of His Affairs—Emerges from the Burning Home Nearly Roasted.

[SPECIAL CORRESPONDENCE OF THE TIMES.] LA HABRA, May 19.—Death in its most horrible form—by flame—came to C. W. Gould of La Habra this morning, as a result of the victim's heroic efforts to find his daughter, whom he supposed to be in the midst of the flames which entirely destroyed his home.

Mr. Gould, one of the best known of the La Habra ranchers, and his household, which included his wife and daughter, Miss Lida Gould, and their guests, Miss Marion Mills and Emory W. Link of Whittier, were awakened last night shortly before midnight by the strong smell of smoke, and barely escaped with their lives, saving practically none of the furnishings of the home.

Hardly were the family outside in safety when the father, with a wild cry of "where is Lida?" left his wife and rushed once more into the burning home to save his only child, whom he thought had not escaped from the dwelling, but who had gotten out in safety. Knowing that it was certain death for any one to follow him, as the flames had made such headway that by this time the structure was a mass of fire, the family could only wait in agony for him to reappear.

Evidently the father made a thorough search of the lower rooms and then of the second story, for he was next seen at one of the upper windows which he smashed and then jumped through, head-first, to the ground.

His night-clothing, which he had had no time to change, was burning, as was his hair and beard. The family quickly smothered the flames, their only aid being their bare hands and a single cotton sheet, caught from a near-by clothesline. Severe, but not fatal burns resulted from their efforts.

Mrs. Gould and her niece, Miss Mills, receiving especially bad burns on their hands and faces.

Then occurred a bit of heroism which would have been possible for none but the bravest, as the dying man, conscious and suffering great agony, fought a grim fight to hold his strength and consciousness till necessary papers could be drawn up which should in some measure make easier for his family the dark days to come.

After this was successfully accomplished he fell rapidly, passing away with the first light of dawn.

Mrs. Gould and her daughter, both nearly prostrated, were brought by Mr. Link, and his grand-niece, Miss Mills, to their home in Whittier where they will remain for the present, and where, at the First Methodist Church, the funeral service will be held.

MEXICO TRIO IN A BAD MELEE.

RAILROAD CHOLLOS ATTACK THE FOREMAN, ONE KILLED.

San Bernardino Sheriff Reports Lively Doings at Afton, Near the Caves—Laborers Go After White Man With Knives—Two Surviving Mexicans Not Expected to Live.

[SPECIAL CORRESPONDENCE OF THE TIMES.] SAN BERNARDINO, May 19.—Sheriff Ralph today received a dispatch from Superintendent Cullen of the Salt Lake road reporting a fatal shooting affair at Afton, a siding on the Salt Lake road near The Caves, far out on the desert.

According to Cullen's dispatch three Mexicans sent from Los Angeles last night on No. 2, as section laborers, attacked section Foreman Williams there at 5:30 this morning with knives and rocks, injuring him about the head and shoulders. He protected himself with a revolver, killing one Mexican and wounding the others, one probably fatally. The company surgeon from Otis is attending the injured men temporarily.

This afternoon Coroner Pittman received a wire from Deputy Sheriff Smith at Daggett, notifying him of the killing, and stating that the other two Mexicans are badly wounded and may die. The Coroner left for Afton on the Salt Lake train this evening with members from the Sheriff's office.

Williams has surrendered himself to the officers at Afton, but they refused to take him into custody under the circumstances, and it is not at all likely that he will be prosecuted, as he seems to have acted entirely in self-defense.

ROBBED AS HE SLEEPS.

Night Man of American District Telegraph Company Loner to a Burglar.

John P. Quinn reported to the police yesterday that his house was entered on Monday while he slept and robbed, but as yet there is no clue to the thieves.

Quinn, who is night operator for the American District Telegraph Company, was taking his usual daylight sleep at his home, No. 2433 San Julian street, and the job was done without his waking up, all other members of the family having gone out.

The thieves secured \$14 in cash and a pearl trinket, but nothing else was taken, though a lot of articles were found assembled on a table as if it had been the intention to carry them off. It is said that neighbors saw the thief enter the house, while his partner watched on the opposite side of the street. The women who saw them had no telephone and before she could make up her mind how to proceed the man who entered the house came out and the two disappeared.

Somewhere was heard at the back door of Quinn's house a few nights ago but was scared away, and an examination yesterday by Detective Chapman showed that an effort had been made to pry the door open. Quinn now goes "loaded for war," and the next marauder will get a warm reception, if Quinn wakes up in time.

PERSONAL.

William T. Reid of Bucyrus, O., left yesterday evening for Seattle, where he will be joined by H. B. Fishery of Shagway, and proceed to Seward, Alaska, to prospect the country along the line of the Alaska Central Railway and the base of Mt. McKinley, in the interest of the Mt. McKinley syndicate, organized by J. Bell, a local mining man.

VERDICT OF ACCIDENT.

The coroner's jury in the inquest held yesterday afternoon over the remains of Henry Berkenstock, who was killed by a street car on Los Angeles street Friday night, returned a verdict of accidental death. The evidence showed that the man had stepped directly in front of a Monrovia car and was struck down, sustaining injuries from which he died a short time afterwards.

IN MARK TWAIN'S CAMP.

Edward N. Magner of the California Exploration Company, starts today for Aurora, Esmeralda county, Nev., to take charge of the property of the company there, consisting of 500 acres of mining land. He will spend the summer in the district, and make his home near the old cabin of Mark Twain, who tried his hand for the first and last time at gold mining in this old-time camp.

To Building Owners

We pay your city street car fare for a
limited time on all orders of \$1 or more.

Hold in your mind the fact that painting is an INVESTMENT—that, by protecting your buildings against the ravages of decay, it SAVES more than its costs.

Consider that painting adds to attractiveness, and that attractiveness has a certain definite money value.

Remember that the investment value of painting depends wholly on the longevity of the paint used.

Don't forget that there are good paints and worthless paints and intermediate qualities of paints; and that it takes time to prove the definite value of any paint.

Remember that this house has ONLY PAINTS which time has proved to be the BEST—and we place a guarantee back of every gallon we sell on this market.

If you expect to purchase paints this week, next week or next year—we will let your business on the basis of giving you a service that will eliminate the worries, uncertainty and a good portion of the expense of painting time.
